**SMARTBOX PROVIDES SOLUTION FOR A1A MARATHON
PORTABLE STORAGE CO. HELPS WITH OPERATIONS**

SMARTBOX PORTABLE STORAGE of Ft Lauderdale has provided a solution to staging effective water stations for South Florida's fastest growing marathons. The A1A marathon www.a1amarathon.com has contracted with SMARTBOX of Ft Lauderdale, a local portable storage and moving company, to help stage over twenty water stations for the scenic marathon. Exclusive Sports, the promoter and operator of the event has been working with Smartbox for the last two years. Operations director Chris Colgan says, "SMARTBOX has become an essential part of all our events, their people and operation are second to none."

SMARTBOX, South Florida's leader in portable storage, allows Exclusive Sports to load Smartboxes with water and energy drinks several days prior to an event. The Smartboxes are then delivered directly to the event site. For the A1a marathon, the Smartboxes will be at every water station.

About SMARTBOX

SMARTBOX of Ft Lauderdale www.smartboxusa.com/mobile-storage-fort-lauderdale.php enables residential and commercial customers to pack and load their belongings at their convenience in containers (8' long, 7' high, 5' wide) that can hold the contents of up to 1 ½ rooms (3000 lbs.). When they have finished packing their Smartboxes, users then call SMARTBOX to have them picked up and either stored in their secure storage center, delivered to another address or shipped anywhere in the country – through its SMARTBOX Long Distance network.
